

PRESS RELEASE – All Saints C of E Infant School & Nursery Unit

Nicholas Chamberlaine Schools Foundation, the educational trust for Bedworth Church Schools has gifted £5000 to All Saints Church of England (Aided) Infant School and Nursery Unit to convert an existing quiet room into a chapel.

Mr Ingham, the Headteacher, stated, “This is an exciting opportunity to develop a room into something that will reflect the Christian foundations of our school. It also allows for quality art work that will be a heritage for the years to come.

Art and architecture affect us all and it is only right that children have something beautiful to appreciate. For all schools, art can also be a way of connecting with that which is spiritual in our lives.”

Parents and children will be involved in designing the stained glass feature that will be a focus for the chapel.
