PRESS RELEASE

All's GOOD at All Saints!

All Saints C of E Infant School and Nursery Unit, based at The Priors, Mitchell Road, is celebrating after another successful Ofsted inspection.

The inspectors visited the school and Nursery Unit earlier this month and made some very positive comments, stating:

“This is a good school...pupils grow significantly in self-confidence, feel very happy and safe at school and find a good deal of enjoyment in their time there. Pupil’s personal development and well-being are also good”.

Other key points detailed in the report include:

- A very strong feature of the school which greatly pleases parents is the good quality of care, support and guidance of pupils, which starts right from their first weeks in Nursery.
- A strength of the good teaching and the good curriculum is the successful planning of work suited to the range of pupils’ abilities and needs.
- Teachers make lessons enjoyable, capture pupils’ interest and guide them successfully towards well defined targets for their learning.
- The good quality of education reflects good leadership and management.
- Pupils of all abilities, needs and backgrounds achieve well and the school offers very good support for pupils with learning difficulties or disabilities.
- A rich range of educational visits, visitors and other activities beyond the classroom valuably extends pupils’ opportunities to learn and enjoy themselves.
- The welfare of the pupils is central to the work of the school and a very caring and supportive ethos results in happy pupils who clearly love their school.
- Pupils are polite, well behaved and friendly.

Inspectors also highlighted 2 areas for improvement. These related to the school ensuring that it regularly checks pupil performance and that Governor’s have an increased contribution in judging how well the school is doing and planning for improvement.

Headteacher, Mark Ingham welcomed the good report and said: *“Our Governors and staff are very pleased with the comments from the inspectors and very proud of the children’s achievements. This has been a very positive and rewarding experience and will encourage us to move from strength to strength”.*

Beryl Knight, Chair of Governors said: *“Our overall result was “good” and the Governors are delighted with the Ofsted report. It acknowledges the hard work of all the staff at All Saints in ensuring every child at the school gets the best possible start in life. We will now use the report as a launching pad to achieve even better things in the future”.*

- ENDS -
